

KNIPEX Quality – Made in Germany

Pliers Wrench

pliers and a wrench in a single tool

Can be adjusted directly on the tool at the touch of a button

Smooth jaws for gentle installation of polished surfaces

Lever transmission greater than 10 : 1 for strong gripping power

Pliers Wrenches

pliers and a wrench in a single tool
DIN ISO 5743

86

- ▶ Replaces the need for sets of metric and imperial spanners
- ▶ Smooth jaws for damage free installation of plated fittings – working directly on chrome!

- > adjustable tightening tool
- > also excellent for gripping, holding, pressing and bending work-pieces replaces the need for sets of metric and imperial spanners
- > smooth jaws for damage free installation of plated fittings
- > zero backlash jaw pressure prevents damage to edges of sensitive components
- > adjustment at the touch of a button directly on the workpiece
- > parallel jaws give a more solid grip; the construction gives infinite adjustment of all widths up to the specified maximum size
- > reliable catching of the hinge bolt: no unintentional shifting
- > the action of the jaws allows quick tightening and release of bolted connections using the ratchet principle
- > lever transmission greater than 10 : 1 for strong gripping power
- > Chrome vanadium electric steel, forged, oil-hardened

Working on plated fittings without damage of the surface

Replaces the need for sets of metric and imperial spanners

The smooth jaws grip all parallel surfaces in the capacity range with a high degree of pressure if necessary and open up almost unlimited application possibilities for the pliers wrench: e.g. for tightening locknuts, exerting pressure to activate the adhesive power of contact adhesives, edge breaking in tile work, snapping cable ties, utilisation as a small vice.
