# WINBAG® CONNECT APPLICATIONS

...and much more

## CUSTOMIZE YOUR APPLICATION

The new Patent Pending WINBAG CONNECT allows you to click your WINBAGS together at each corner creating the shape and pattern which suits your needs. Simply use the WINBAG Connectors to lock them together in endless combinations.

## 450KG COMBINED LIFTING POWER **CLICK!**

Adding more WINBAGS together in the WINBAG CONNECT system allows heavier lifting. For each extra WINBAG connected the load capacity increases according to the table underneath. For your safety never exceed 450kg no matter how many WINBAGS you add into the CONNECT System.

## MAX TOTAL LOAD

## THE CLASSIC USES OF THE WINBAG REMAINS

Align doors

Level appliances

Adjust cabinets

Position windows

The ORIGINAL WINBAG – first of its kind - has won multiple awards.

CAUTION: The WINBAG® should always be considered a supplementary tool, and normal precautions in the work environment should be followed. The WINBAG® is capable of producing powerful pressure between it and its surroundings and caution should therefore be exerted when inflating and deflating. The pressure in the pillow element will slowly decrease during use, and it is also possible to puncture the WINBAG® with sharp objects such as screws and drills during use. Therefore, make sure that parts being held in place or separated by the WINBAG® are firmly secured by other means. Use care when inflating and deflating WINBAG® and make sure that no body parts such as fingers or toes are between the WINBAG® and its surroundings and / or between the parts being held in place. The WINBAG® may only be operated by hand using the rubber hand pump. Never use pneumatics on the WINBAGS® and never tamper with or modify the state of which the WINBAG® was originally purchased. Do not exceed the maximum load stated per WINBAG® for any job even when using more WINBAGS® at the same time – except when used together with WINBAG CONNECTORS, where a total maximum load still applies according to the users manual. Local building regulations and any other relevant laws must be followed when using WINBAGS®.
